Often contradictory, his flashbacks reveal inconsistent-even paradoxical-lives and strange family events: his mother s sleepwalking. .her questioning the number of children the family really had.his dad s missing time and memories while in the submarine service.his own mysterious and life-long association with herds of deer.and conflicting military and civilian lives. Is he really an on-orbit spy.or a mere desk jockey? And how had he ended up in orbit around Earth? What made him so special? ERO is about fact manipulation, disinformation, and obfuscation. About how one s life can take a severe left turn. Nothing can be trusted-not experience and certainly not memory. Are the lives we live really our own?.
