Excerpt from Announcement of Pickering College: For the Year 1900-1901 The College buildings are beautifully situated in a healthy locality, upon the summit of a gently rising slope, and command an extensive view of the surrounding country and of Lake Ontario. They are handsomely built of red-brick and cut-stone facings, four stories in height. The main building has 106 feet frontage, and in it are the dining-room, school, class and lecture rooms, Principal s rooms, Matron s rooms, and Teachers parlors. The two wings extend over 80 feet back, and contain the Laboratory and the students parlors and sleeping apartments All the rooms are lofty and spacious, and heated by means of steam. The students rooms are neatly and comfortably furnished, the boys, rooms being supplied with single iron beds. The beauty of the surrounding landscapes and the quiet of the village and country conduce a studiousness, while the absence of many temptations peculiar to large towns and cities renders the place eminently safe for the residence of students removed from the watchful guardianship of home.
