Atherothrombosis in Clinical Practice

By Deepak L. Bhatt

Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW, Atherothrombosis in Clinical Practice, Deepak L. Bhatt, Atherothrombosis refers to the coupling of atherosclerosis and thrombosis, and it is the leading cause of the majority of preventable deaths in the modern world. The medical, economic, social, and societal consequences of atherothrombosis are enormous, which make it a dynamic area for development of new pharmacologic agents. Atherothrombosis in Clinical Practice focuses upon the many clinical manifestations of atherothrombosis and therapies that presently exist, with a focus on evolving therapeutic approaches. First, atherothrombosis is defined and the epidemiology is explored. Then, the specific manifestations of atherothrombosis (coronary artery disease, valvular heart disease, cerebrovascular disease, atrial fibrillation, peripheral artery disease) are concisely covered by distinguished experts in the field. Next, specific medications are discussed, with an emphasis on innovative therapies and investigational agents including experimental lipid-modifying, anti-inflammatory, antiplatelet, and anticoagulant agents. State-of-the-art treatment of hypertension and diabetes is described succinctly. Lifestyle modification, medical therapies, and where appropriate, invasive modalities are discussed. Controversies in areas such as cholesterol management and glycemic control are summarized. Part of the Oxford American Cardiology Library, this handbook provides a practical, evidence-based summary of the condition and the most...

Reviews

I just began reading this pdf. It is actually written in straightforward words instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Jensen Bins**

Thorough information! Its such a excellent read. It is really simplistic but unexpected situations within the fifty percent of your pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.
