MULTIOBJECTIVE DECISION MAKING: THEORY AND METHODOLOGY (PAPERBACK)

Dover Publications Inc., United States, 2008. Paperback. Condition: New. Language: English . Brand New Book. This first-rate text explores the theory and methodology of systems engineering in evaluating alternative courses of action and associated decision-making policies. It treats criteria as multidimensional, rather than scalar, in the development of normative theories. These contribute to a behavioral theory of decision making and provide guidance for exercising judgment. An introductory discussion of the systemic approach to judgment and decision is followed by explorations...
