Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This Math is essential in Real Finance Engineering Technology, combined the materials in IFRS-GAAP B/S-I/S to construct the really healthy corporations, with proper Finance Governance and suitable Finance Construction methods (Mens et Manus). After 20 years recognized as inventor of Finance Architecture A-Z advancing the very useful Du Pont-Limlingan method, it is really surprised to be informed that almost similar method had been used before at University of Cambridge, UK, by Srinivas Ramanujan the Math Genius, for solving (Non Accounting) Numerical Problems. Thousands of Math Finance Rules had developed independently (even look similar to his Notebooks!). Firm s health is very important, when properly controlled it could prevent bankruptcy and avoid innocent people from being poor. It solves the greatest problem in economy, much greater than any cases ever solved by Economic Nobel Laureates, so far. The nicest thing about it, is that only requires simple Junior Highschool Algebra.
