

Horse-Breeding: Being the General Principles of Heredity Applied to the Business of Breeding Horses, with Instructions for the Management of Stallions, Brood Mares and Young Foals, and Selection of Breeding Stock (Classic Reprint)

Filesize: 4.35 MB

Reviews

It becomes an amazing ebook that we have possibly read through. It is really simplified but surprises within the 50 % from the ebook. You can expect to like how the blogger compose this book.

(Ms. Shaina Legros III)

HORSE-BREEDING: BEING THE GENERAL PRINCIPLES OF HEREDITY APPLIED TO THE BUSINESS OF BREEDING HORSES, WITH INSTRUCTIONS FOR THE MANAGEMENT OF STALLIONS, BROOD MARES AND YOUNG FOALS, AND SELECTION OF BREEDING STOCK (CLASSIC REPRINT)

Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Horse-Breeding: Being the General Principles of Heredity Applied to the Business of Breeding Horses, With Instructions for the Management of Stallions, Brood Mares and Young Foals, and Selection of Breeding Stock While I have not intended that this book should in any sense be regarded as a veterinary work, yet I have thought I might add greatly to its practical usefulness by incorporating with it the material portions of several articles, prepared at my request by Prof. James Law, of Cornell University, N. Y., and previously published under my direction, wherein he treats of some of the diseases to which stallions, brood mares and young foals are especially subject. And I have also added a number of pages of matter of a similar nature, prepared especially for this work by N. H. Paaren, M. D., State Veterinarian of Illinois, whose high scientific attainments and many years of extensive practice have especially fitted him to give valuable counsel upon such topics. In the belief that the book will be found interesting to all students of the science and art of breeding, and especially helpful to those who have the care and management of breeding studs, whether on a large or small scale, it is given to the public with a full consciousness of the fact that it does not contain a tithe of what might profitably be written or said upon the subject. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the...
