Motilal Banarsidass Publishers Pvt. Ltd., New Delhi, India, 2009. Softcover. Book Condition: New. In past ages the knowledge was the possession of a small group of initiates who had opened the doors to occult and spiritual knowledge and were charged with its preservation for future generations- the few who shall see what none yet understands. But with the advent of the Supermind, the time has come at last for these mysteries to be revealed. In her Secrets of the Earth, the author has laid bare the evolutionary 'scheme of Avatarhood' and disclosed in its entirety the full face of the Cosmic Truth. With the coming of Sri Aurobindo, the 9th Avatar and the Solar Line he heads we can now follow the evolution through its incarnational stages of becoming to its final apotheosis of a Supramental Species and a Life Divine. This is a unique document. Its contents offer startling revelations which make it the only comprehensive study of Vishnu's line of Ten Avatars. The author reveals the system the ancients used to identify the the Avatar, he who comes 'from age to age'. She proves that this tradition has been with us from the Vedic Age. There is a precise time for these appearances and specific tasks each Avatar must fulfil for the Earth's evolution. Printed Pages: 122.
