Quid Pro, LLC, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Traugott Konstantin Oesterreich (1880-1949) was a German professor of philosophy and an expert on the philosophy and psychology of religion. He taught as a professor at Tübingen University. He is considered to be one of the first modern German scientists to declare his belief in psychic phenomena. Although his views on parapsychology evolved over the years, ranging from an outspoken skepticism to an acceptance of the paranormal, he continued to conduct scientific research and publish in academic journals. His 1921 book on psychic possession and obsession later influenced the author of *The Exorcist*. And in his *OCCULTISM AND MODERN SCIENCE*, also first published in German in 1921 (then translated to English in 1923), Oesterreich presented case studies of psychic phenomena and studied with scientific methods the possibility of such a reality-or surreality. The new Quid Pro edition of this work is a Digitally Remastered Book(TM)-a correct reproduction of the classic 1921 volume. This process removes distracting underlines, stray marks, and printer artifacts typically found in such reprints (and immediately seen in Preview of other publishers photocopied editions), and fills in missing letters and parts of words. It provides a complete, cleaner, and more professional presentation. Classic works such as this one deserve such respect.
