SEAGRASSES AND SAND DUNES

KUN, The World Conservation Union. Paperback. Condition: new. BRAND NEW, Seagrasses and Sand Dunes, Sriyanie Miththapaia, Seagrass meadows and sand dunes are lesser known coastal ecosystems that are located landward from coral reefs and sometimes seaward from mangroves. At other times mangroves lie between sea grasses and sand dunes. These ecosystems are also important for coastal communities because of the services they provide and are critical components of a vital, interdependent and interconnected series of coastal ecosystems. The format of...
