Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Evolution and Modern Thought Like all great movements of the human spirit, Christianity also shares this inborn confidence in its authorized standard, thought to be handed down from above. This excuse in defense of Christian religion has ever firmly knit together this confidence by the blank unmeditated opposition of Christianity to all that is non-christian, depreciating the latter to a homogeneous mass of human error, and vice, exalting the former to immediate divine dignity, accredited as such by outer and inner miracle, as will be shown in this book. The old position held by all Christians in all ages, is that all ecclesiastical history presents absolute truth, proved to be such, because miraculously authenticated to be due to divine communication.
