

The Iberian Job (Paperback)

Filesize: 2.74 MB

Reviews

This ebook may be worth a go through, and superior to other. I could comprehend every thing out of this published e.pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Prof. Damien Schuster PhD)

THE IBERIAN JOB (PAPERBACK)

DOWNLOAD

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Iberian Job, a mad business scheme designed by Rob Godfrey to get the 30,000 he needed to build Commuter, an installation piece. Commuter is a 50 foot long coffin with toy trains running up and down it, and also a serious attempt to create consciousness within a machine. This isn't artificial intelligence, but non-biological intelligence: a real mind outside of a messy biological structure like the brain. The Gods were angry, though, and while attempting to get Commuter built, Rob went through incredible hardship and misfortune, including serious injury, and on a number of occasions he ended-up homeless and penniless. The Iberian Job got Rob into a whole heap of trouble and left his reputation in tatters. This almost unbelievable tale spans the UK, France, Spain and Portugal. The Iberian Job is a journey into one man's quest to answer the most fundamental question of them all: what is the mind? It's also a journey across western Europe and gives a rich insight into what it's like to live in places such as France and Portugal, particularly with regard to being down and out. After reading this book you'll never be afraid again.
