THE SPACE ECONOMY AT A GLANCE 2007 (PAPERBACK)

Organization for Economic Co-operation and Development (OECD), France, 2007. Paperback. Condition: New. 2007 ed.. Language: English . Brand New Book. Space applications are becoming an increasingly important part of everyday life. Weather forecasting, air traffic control, global communications and broadcasting, disaster management, and many other key activities would be almost unthinkable today without satellite technology. While the space industry itself is relatively small compared with other manufacturing sectors, its technological dynamism and strategic significance mean that it plays an ever...
