

KS2 Problem Solving Book 4 (Paperback)

By Ann Montague-Smith

SCHOFIELD SIMS LTD, United Kingdom, 2008. Paperback. Condition: New. Language: English . Brand New Book. Key Stage 2 Problem Solving is a series of graded activity books helping children to sharpen their mathematical skills. It encourages them to apply their maths skills to a range of real-life situations, such as shopping and keeping score in games. Key Stage 2 Problem Solving Book 4 is particularly suitable for children who are preparing for the transition to Key Stage 3, and covers: reflection, translation, rotation of shapes, averages (mode/median/mean), metric-imperial conversions, percentages and decimal numbers, converting fractions, probability and using a calculator.

Reviews

This publication will never be effortless to begin on studying but extremely entertaining to learn. It is probably the most incredible publication i have go through. I realized this ebook from my i and dad suggested this publication to learn.

-- **Austin O'Connell**

An incredibly great book with perfect and lucid answers. Better then never, though i am quite late in start reading this one. You will not sense monotony at whenever you want of the time (that's what catalogues are for relating to if you question me).

-- **Nannie Lindgren Jr.**
