JAMES JOYCE S FINNEGANS WAKE ILLUSTRATED: VOLUME 2 (PAPERBACK)

Createspace Independent Publishing Platform, 2014. Paperback. Condition: New. Illustrated. Language: English . Brand New Book ***** Print on Demand *****. Some scholars see James Joyce s Finnegans Wake as a work of satire and irony; others see it as a playground for the English language. Its release into the public domain in many parts of the world enabled the production of this illustrated Volume. Finnegans Wake endures the reputation of being one of the most challenging works of fiction in the English language. When asked what he made of it, Ezra Pound contended, Nothing so far as I make out, nothing short of divine vision or a new cure for the clap can possibly be worth all the circumambient peripherization. Oliver Gogarty believed it was the most colossal leg pull in literature since Macpherson s Ossian. But if a picture can clarify a thousand words, then perhaps pictures can help illuminate Joyce s masterpiece. Finnegans Wake includes 219,035 words. At one picture per one thousand words, it would take only 220 pictures to fully explain the entire text. This illustrated book, Volume 2, contains Finnegans Wake Book 1, Chapters 3 through 7, with 53,565 words. With the addition of 295 illustrations, you can see that these five chapters are explained awfully thoroughly, with an over-explanation ratio of more than 5:1. So quickly can confusing things come to brightness. All the illustrations are authentic and promote the tradition of prickly debate started with the publication of Joyce s original book. As critic Ira Gurgitate proclaims, It s a real piece of work.
