This bibliographic guide to the Buffyverse - the fictional worlds of the acclaimed television series Buffy the Vampire Slayer (1997-2003) and its spinoff Angel (1999-2004), as well as the original Buffy feature film of 1992--is the largest and most inclusive work of its kind. The author organizes and describes both the original texts of the Buffyverse (episodes, DVDs, novels, comic books, games, and more) and the secondary materials created about the shows, including books, essays, articles, documentaries, dissertations, fan production and websites. This vast and diverse collection of information about these two seminal shows and their feature-film forebear provides an accessible, authoritative and comprehensive survey of the subject.
