In cases where a partner willingly denies the other of his/her conjugal rights may breed resentment and friction from the aggrieved partner. Partners should learn to talk/explain to each other anytime they may not be able to play their role in the home sexually without necessarily waiting till the eleventh hour before giving excuses. Even when such excuses may be genuine, failure to highlighting them before hand may still make the other partner harbor grievances in his/her heart. If such issue(s) is not well handled may lead to total breakup of the union. This book examines these and other intricate issues that constitute salient love killers among married couples or young lovers that lead or may lead to divorce or break up between them. An understanding of these points will do much more than resolving crises in homes, marriages and the family institution as a whole thereby promoting a better society for us all.
