*It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

There were a few that were slightly political, or at the very least my response to world events. This time there are a few more of those, so I have added a fifth group: World. What you may also have noticed is that the rhymes in these two books are more or less in chronological order. Thus, when visiting Nature or World you should be able to follow either the seasons, or the unraveling of time through news or important stories. As with the last book, I have once again added a brief introduction to many...
