

Honey, We Forgot the Kids

By Paul Ham

Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. If we judge the West by the state of its families, the West is sick. Millions of children barely see their parents, or for only a few minutes a day. One in two families break down, for better or worse. The casualties through the family courts. Our maladjusted system has made the ideal of mom and dad - i.e. a loving, constant, adult presence in a child's infancy - a rarity. To speak of the maternal instinct still elicits scorn or embarrassment from some feminists, who continue to mock holy motherhood . This single is a defense of parents and children. It does not suggest a return to the 1950s. On the contrary, it champions the New Family , which most policymakers, companies, religions, and social conservatives have failed to accept or keep pace with (read on to find out what the New Family is). The resulting policy drag - the failure to transform notions of childcare, the workplace, and parental leave to match new social realities - has had devastating consequences for the family, especially that exhausted, unsung heroine, the working mother. Drawing on...
