

## IT and Information for Dentists: A Handbook (Paperback)

By Alan Gillies Ma Phd Fbcs Citp

Lulu.com, United Kingdom, 2007. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book has been designed to help dentists to establish and maintain information systems that are necessary for effective working. It will consider the context of dentists in the UK, USA and Canada. It tries to do at least six (almost!) impossible things: 1. Talk about information in an interesting way. 2. Show how information can actually be useful. 3. Explain how to get you to love your computer. 4. Make SNODENT Codes interesting. 5. Help practices to share meaningful information. 6. Make you smile while reading a book about information. It includes references to incredibly unhip comedy series such as The Hitch Hiker s Guide to the Galaxy (such as why not round off this chapter by breakfast at Milliways, the Restaurant at the End of the Universe?). The book assumes that you the reader are based in, or work with, a dental practice. Each chapter includes exercises that generally require you to have access to a dental practice.

### Reviews

*This book might be worth a read, and superior to other. Of course, it really is engage in, still an interesting and amazing literature. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- Prof. Valentin Hane MD

*An incredibly awesome pdf with perfect and lucid explanations. I have read through and that i am confident that i am going to gonna read yet again yet again in the foreseeable future. I am quickly can get a delight of reading a created book.*

-- Mr. Johnson Hane
