

Planter and sugar manufacturer Volume 54

By -

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 584 pages. Dimensions: 9.7in. x 7.4in. x 1.2in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1915 Excerpt: . . . the strike is nearly ready to close and placed on the bench under the proofstick, not over two inches below it. From the stick, with the handle of a small spoon, blobs of fullmass as large as the end of the finger are pushed from the slot and slid into the basin. So long as they float, they are lifted out with the spoon, and thrown away. When one of them just barely remains under the surface, the strike is finished and ready to drop. The remaining solution is then immediately returned to the stoppered bottle for future use. A strike thus finished may be depended upon j technically and financially. The developments to be at the required density, and the results these warlike times among statesmen in may be duplicated as often as desired. America and warriors in Europe cry aloud for Precautions. The Question...

Reviews

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).
