MCMILLAN AS RECALLED SUPPLEMENTED AND PRESENTED BY TOM STALEY book.

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 130 pages. Dimensions: 10.0in. x 8.0in. x 0.3in. For Love of Drawing teaches the classic tradition of drawing as design. Look through the text to get the feel and the immediacy of the directives, which are spoken to individual students as they draw. Notice the repetition, with variation, of the instruction, which signals real training happening. This book puts you in contact with that training. Drawing as design aims at unity from the start, as opposed to the more commonly taught approach of rendering (rendering: copying bit by bit by bit; focus serially on one detail, then another, then another). If you have learned drawing as rendering, the change to drawing with unity, overall design, held as paramount from the first, will be initially difficult, then a relief, and then a delight. For you, this book might be considered an intermediate instruction book, asking though for a habit-breaking and sometimes demanding revolution in approach that affects your whole relationship with art in a favorable and profound way (and your rendering skill may still be used in conjunction with it). And yet, as the first sentence of the book says, I teach beginnings, for years now, but terribly important. Beginners are fortunate to begin here, with unity as first and final aim. The character of this design approach to drawing might best be conveyed by quotes from the book: You're trying to make them into arms and legs too soon. Don't draw the things, draw the patterns, draw the movements. You're following the words: Leg, arm, head, rather than your eye . . . Don't draw a head, draw a shape . . . You want the security of one thing in your drawing being exactly the same as...
