THE ART OF LIFE: LIVING TOGETHER IN HARMONY (PAPERBACK)

AUTHORHOUSE, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Third in the series of THE BOOKS OF WISDOM scribed by Ruth Lee, The Art of Life covers everything you ever wanted to know about relationships. No relationship is overlooked--really! Living Together in Harmony is the most serious and pressing problem of our age,yet few tackle the subject in its entirety and fewer still have put forth any wisdom that makes total sense in today s world and is easy to follow. This advanced work by The Teachers explains in down-to-earth language what we all need to know in order to improve our individual lives and become the best society possible-while living together in peace. Every chapter and every page is dedicated to exploring our relationships in this world and others-omitting nothing! Without a true sense of who you are and why you are here, it is not possible to be a success and enjoy others. Love and life is explained and help given by those who seem to see and know everything we do. It is not mysterious so much as miraculous that teachers using logic in their approach to relationships can help us with managing our emotions.but The Teachers do it over and over again. Finding love and being loved are not the only areas of life explained in depth with help given. Every relationship you are involved in solving here and now is explored and worked through with you, too. Love is a matter of relativity. You cannot afford not to read this book and learn how to live happily ever after.
