FLORIS BOOKS, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book. Anthroposophical medicine recognizes the individuality of each human being. This philosophy is central to care for the elderly where it is important to see beyond the outer ageing body, and to ensure dignity for all. This book describes particular approaches for professional nurses and carers, as well as offering practical care plans. While care cannot itself heal, it can provide the basis for the healing process to work. This book will help those who work with the elderly with invaluable guidance and advice.
