Createspace, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A single kiss can get a girl killed. But what if he s the most irresistible man you ve ever met? What would you do? In a world where big corporations ares controlled by a secret society, Beau is on track to have everything he ever wanted and more. And there is only one woman that stands in his way - As long as she can resist the temptation of falling in love with the man of her dreams. In this contemporary tale of power, greed, ambition, love and death, what would you be prepared to sacrifice to have it all? - - - - - New Blood reads like season one of an addictive paranormal TV series. The premise takes the power of relationships beyond even the vampire thrill. The characters are fleshed out (except the victims, who are left convincingly dry) and we care enough about our heroine Lucy, to dread her migraines almost as much as she does. Add in a paranoia about the people who are really in power and, well, the temptation is to call it a formula for a long and satisfying series. However, Paul Dorset rises above formulaic prose with writing so compelling that only after you catch your breath do you realize the craftsmanship. He tells stories. And as with the best paranormal fiction, the fantasy serves to illustrate some basic truths of the human condition. - G. Tuttle (reviewer).
