Sight Unseen

By Gilroy, Dan

Carroll & Graf Pub, 1989. Paperback. Book Condition: New. Dust Jacket Condition: Fine DJ. First Edition Stated. Carroll & Graf Pub 1989 First Edition Stated New/Fine DJ Editorial Reviews From Gilroy's fiction debut begins as an example of adventure by accident. Matthew Clark, a satellite systems specialist for the National Security Agency, is involved in a handling error. As punishment he is sent to Imagery Analysis to interpret the kinds of photographs he used to take. When he notices a shadow in an underwater photo taken near the California coast, it seems like a perfect objective for a day's diving. But the shadow turns out to be the wreck of a Russian submarine holding the bodies of American sailors. Clark's discovery involves him in a cover-up dating back to the darkest years of the Cold War; the perpetrators are determined to preserve the secret at any cost. Gilroy handles stock characters and situations effectively, meeting the requirements of the political thriller without excessive dependence on clichés. He offers interesting information on the process of collecting intelligence from satellite photos. An unusual and welcome element is his light touch in presenting the mind-sets of bureaucrats and politicians for whom the game...

Reviews

A new electronic book with a new point of view. it was writtern extremely completely and beneficial. Its been written in an extremely straightforward way in fact it is simply following i finished reading this publication through which really altered me, alter the way i really believe.

-- **Dr. Florian Runte**

Extensive information! Its this type of excellent study. I have read and i am sure that i will gonna go through yet again once more down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.
