Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Extinct and Vanishing Mammals of the Western Hemisphere, Vol. 11: With the Marine Species of All the Oceans May 1, 1942, is likely to be a significant date in the history of conservation, for on that day the Convention on Nature Protection and Wildlife Preservation in the American Republics came into effect for the seven American countries, including the United States, that had deposited ratifications with the Pan American Union. Twelve other Republics have now signed the Treaty, and it is hoped that their ratifications are soon to follow. Publication of the present volume, devoted to the extinct and vanishing mammals of the New World, including certain marine mammals of all the oceans, is therefore particularly timely. Its author, Dr. Glover M. Allen, of the Museum of Comparative Zoology at Harvard University, who died on February 14, 1942, was one of the great naturalists of his day. His profound knowledge of mammals and birds was the result not only of a life-time study in museums but also of intimate observation of animals in their native...
