Reviews

The ebook is not difficult in study preferable to understand. it was writtern quite flawlessly and beneficial. You are going to like just how the author compose this book.

(Leola Smith)

THE END OF SCIENCE

Little, Brown Book Group, United Kingdom, 1998. Paperback. Book Condition: New. 198 x 127 mm. Language: English . Brand New Book. As a writer for SCIENTIFIC AMERICAN, John Horgan has an unsurpassed window on contemporary science, routinely interviewing the scientific geniuses of our times, scientists such as Richard Dawkins, Murray Gell-Mann, Stephen Hawking, Karl Popper and Noam Chomsky. In THE END OF SCIENCE, Horgan displays his genius for getting these larger-than-life figures to be human, whilst also encouraging them to confront the very limits of knowledge. Have the big questions all been answered? Has all the knowledge worth pursuing become known? Will there be a final theory of everything that signals the end? Horgan extracts surprisingly candid answers to these and other delicate questions as he discusses God, Star Trek, superstrings, quarks, consciousness and numerous other topics. In a time where scientific rationality is under fire from every quarter, THE END OF SCIENCE is a witty, thoughtful, profound and entertaining narrative which serves as both a critique of and a homage to modern science.
