Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.You have a wonderful life. You re running a business, have money in the bank and get to visit with all your friends and family whenever you like. Then one day you wake up to find someone shoving a pill down your throat in some lowdown nursing home situated in a dangerous part of the city. Without your permission, they re liquidating your business and making all of your money disappear. You do whatever you can to try to get out of this nightmare, but discover the people who did this to you are simply too powerful. Think it can t happen to you? Think again. This is the true story of a newly licensed nursing facility administrator (LNFA) and the people she meets. The stories they tell her are both hard to believe and impossible to ignore. She begins investigating and the more layers she peels away, the worse it gets. Eventually, this leads to catastrophic consequences for three special people under her care. Can she repair the damage and stop the madness before it s too late? Or are the forces against her too powerful? A Breach of Trust exposes the weakest link in the freedoms we all hold dear. Cross the wrong line, say the wrong thing, and at any moment you too could be stripped naked and taken captive. It is for these three special friends and all the future victims that Susan Hodges offers this advice: whatever you do, don t cross these people because soon, you might discover your life belongs to them now!.
