

Hegel s Logic: An Essay in Interpretation (Paperback)

By John Grier Hibben

Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In his Logic Hegel has endeavored to incorporate the essential principles of philosophy which in the development of the worlds thought have forced themselves upon men s convictions, and have been attested by a general consensus of opinion. An insight into the Hegelian system means, therefore, a comprehensive and appreciative grasp of the history of philosophy in the salient features of its progress. John Grier Hibben (1861 - 1933) was a Presbyterian minister, a philosopher, and educator. He served as president of Princeton University from 1912-1932, succeeding Woodrow Wilson and implementing many of the reforms he initiated.
