Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from China, Japan and Korea Remembering the ancestry and genesis of Young personally acquainted with many of its leading spirits, having followed its operations and activities in every province from the beginning of the present revolution, I am compelled to the conviction that salvation from this quarter is impossible, not only because Young China itself is unregenerate and undisciplined, but because its ideals and projects of government involve the creation of a new social and political structure utterly unsuited to the character and traditions of the race; because it is contrary to all experience that a people out of its deeprooted beliefs and habits of life should develop and retain a vigorous national consciousness. Another passage summarised the actual position created by the collapse of the Manchu Government's authority.
