### **Reviews**

*This ebook is definitely not straightforward to start on looking at but really enjoyable to learn. It usually will not charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.*

O'Reilly Media. Paperback. Condition: New. 128 pages. Dimensions: 6.9in. x 4.2in. x 0.3in. The Digital Video Pocket Guide is concise, easy to use, and is overflowing with the techniques you'll need to know to create great movies. This book is organized, like the popular Digital Photography Pocket Guide, into three chapters: What Is It, How Does It Work, and How Do I . . . Tips, Tricks, and Techniques. Its compact size, organization, and detailed illustrations make it easy to find the information you need. In the first chapter, What Is It, you're introduced to the ins and outs of your DV camcorder. Author Derrick Story builds the solid foundation that helps you better understand the camera you have now, and will prove invaluable when shopping for your next camcorder. For instance, what is a tally lamp, and do you need one? What is the difference between the optical and digital zoom? Should you spend the extra money for a 3-CCD chip? Chapter two puts the tools in action. It maps out, step by step, a sure-fire approach to successful movie making -- including home videos, tutorials, and even short features. This chapter takes the worry out of organizing and lets you focus on creativity. Next, you'll accelerate your prowess by learning the rock-solid techniques of video experts. Among the tips and tricks featured in chapter three are how the pros shoot action video, arrange lighting for an interview, and capture clean audio. Finally, the Appendix is packed with well-organized tables and charts on a myriad of topics and includes: a color temperature chart, a guide to color correction gels, a table of everyday lux ratings, a handy cable connector guide, a reference for microphone patterns, and much, much, more. Completely indexed, beautifully illustrated in color, and more compact than those bulky books...
