EASY WEIGHT LOSS CONTROL: A TOOLKIT FOR RESULTS IN 30 DAYS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Most of us are at the same time sedentary and stressful, with little time or inclination to eat healthily or exercise. For many, exercise- a noted antidote to stress - is not pleasant. Isn't it time to turn our attitude around? There we agree. We each need to do our part to fight against health, disablement and sometimes death which we bring about because of our lifestyles and eating habits. These recognized epidemic problems have resulted in the birth of whole new industries targeting healthy living, the birth of new industries of gyms, health-focused cooking channels on TV, as well as regular and extreme sports. Also addressed is the burgeoning alternative weight loss industry where fads are promoted, such as the Bunting diet. And yet the obesity explosion continues. It continues because almost all our countermeasures have been made complicated to do. The desired results can be had without the discouraging failures associated with the usual way of doing things. Hence this interactive manual. It is based on the findings that regular, comfortable exercise and eating wisdom achieves the same health and longevity as short-duration Olympic levels of fitness. Focused on control rather than loss , it contains the habituating tools for achieving weight loss control and increased fitness through a gentle and intuitive process.
