HANDBOOK FOR LANGUAGE ENGINEERS (PAPERBACK)

The University of Chicago Press, United States, 2002. Paperback. Condition: New. 2nd ed.. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. There is an overwhelming amount of language data on the Internet that needs to be searched, categorized or processed -making the role of linguistics in the design of information systems a critical one. This book is a guide for linguists hoping to enter the language-processing field, as it assembles distinguished computational linguists from academia, research centres and businesses to discuss how linguists can solve practical problems and improve business efficiency. Covering topics from speech recognition to web language resource, this collection should be of great value to both linguists entering the field and businesses hoping to implement linguistics-based solutions.
