What if love meant exposing your darkest secret to the world? Melusine Dore, monster hunter extraordinaire, has finally figured out what she is: half lethal mermaid, half-human and completely in love. She's doing her best to live her happily-ever-after. It seems, for once, that nothing will destroy her fairy-tale ending. Fellow hunter Levi Cannon loves her for who (and what) she is and the two of them have been able to hide her tails from the world. But when she and Levi discover that someone is trapping and torturing monsters, they're led on a journey to a traveling freak show. A simple investigation quickly turns into a tangled mess and the hard-won happiness the couple has earned begins to crumble. Levi goes missing and Melusine must tap into all her unusual talents to find and rescue her lover. This time though, Melusine won't be the deadliest fish in the sea. It seems the demons, or, in her case-monsters-from her past, are angry and unwilling to let go. Adventure number three in the Clockwork Siren Series, Surfaced by Katie Hayoz brings much more than clowns to the fading tents of this steampunk traveling circus. Despite the danger, Melusine and Levi prove that the show must go on.
