Abrams, United States, 2014. Hardback. Condition: New. Language: English . Brand New Book. Streisand: In The Camera Eye is a collection of the very best photographs of Barbra Streisand available, chosen for their rarity, their quality, their artistic interest and their insight into the many facets of Streisand s personality and career. The scores of pictures document her many phases and changes--from her early days on Broadway to her accomplished film work as an actress and director to her fabled concerts, along with personal imagery off the set and stage. Pictures have been sourced from the collections of some of the biggest names in portraiture and Hollywood photography including Philippe Halsman, Francesco Scavullo, Douglas Kirkland, Bob Willoughby and Cecil Beaton. Seven introductory essays by the author covering different phases of her adult life, along with substantial anecdotal and quote-filled captions, combine with the spectacular imagery to tell the whole story of one of the world s biggest, most beloved stars.
