Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Alexander Hamilton: A Historical Study Alexander Hamilton, the ablest American jurist and statesman of the early constitution era of the United States, was born at the island of Nevis, one of the Antilles under the dominion of England, on January 11, 1757. His father was a Scotch emigrant who had settled at St. Christopher, where he engaged in mercantile business. His mother was the daughter of a Huguenot named Faucett, a prosperous physician of Nevi. She had been the wife of a Mr. Irvine, also a physician, and during a brief married life dwelt at St. Christopher; but, owing to faults of his, she appears to have been driven to procure the judicial dissolution of the marriage, after which she returned to her father's home at Nevis, and there married James Hamilton.
