

International Review of Cytology: v.241: A Survey of Cell Biology (Hardback)

By -

Elsevier Science Publishing Co Inc, United States, 2004. Hardback. Book Condition: New. New.. 228 x 156 mm. Language: English . Brand New Book. International Review of Cytology presents current advances and comprehensive reviews in cell biology, both plant and animal. Authored by some of the foremost scientists in the field, each volume provides up-to-date information and directions for future research. Articles in this volume address biosynthesis and alternate targeting of the lysosomal cysteine protease cathepsin L; microtubule-associated proteins and their essential roles during mitosis; molecular and functional analysis of the dictyostelium centrosome; polytene chromosomes; and insect basic leucine zipper proteins and their role in cyclic AMP dependent regulation of gene expression.

Reviews

Absolutely one of the better ebook We have ever study. it had been writtern quite completely and valuable. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Carol Lehner II**

This sort of ebook is everything and made me hunting ahead of time and more. I am quite late in start reading this one, but better then never. I found out this publication from my dad and i suggested this publication to discover.
