

Six Essays on the Platonic Theory of Knowledge: As Expounded in the Later Dialogues and Reviewed by Aristotle (Classic Reprint)

Filesize: 5.48 MB

Reviews

It is great and fantastic. Better then never, though i am quite late in start reading this one. Its been written in an extremely simple way and is particularly only right after i finished reading this ebook where actually changed me, affect the way i really believe.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Six Essays on the Platonic Theory of Knowledge: As Expounded in the Later Dialogues and Reviewed by Aristotle The following essays, written during my tenure of a studentship at Newnham College, Cambridge, were the outcome of a genuine interest in the Platonic controversy, and of a desire to satisfy myself, by independent study, regarding the doctrines that the later dialogues seem to teach. In a subject that has for so long been the source of disagreements one can scarcely hope to produce a work that will commend itself to every critic, or to bridge in any degree the chasm that already yawns between the two leading schools of interpretation; and I must own frankly, at once, that I belong to the school that sees in the later work of Plato a fuller development and elaboration of the ideal scheme which was at first but vaguely sketched. It is not the spirit of controversy, however, but the hope for a better understanding of this position on the part of other controversialists, that has led me to publish these papers. In preparing them I have not neglected to make myself acquainted with the position taken by other schools; but that I am chiefly indebted to the Platonic scholars of Cambridge cannot be denied. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
