

Eternity by the Stars: An Astronomical Hypothesis

By Louis-Auguste Blanqui

Contra Mundum Press. Paperback. Condition: New. 202 pages. Dimensions: 7.7in. x 4.9in. x 0.6in. In a century replete with radical politics, final liberations, historical codas, and dreams of eternity, the shadowy figure of Louis-Auguste Blanqui, the constant revolutionary, wrote *Eternity by the Stars* in the last months of 1871 while incarcerated in Fort du Taureau, a marine cell of the English Channel. In the midst of contemplating his confinement, Blanqui devises a simple calculation in which the infinity of time is confronted with the finite number of possible events to suggest a most radical conclusion: every chain of events is bound to repeat itself eternally in space and time. Our lives are being lived an infinity of times across the confines of the universe, and death, defeat, success and glory are never final. For the world is nothing but the play of probabilities on the great stage of time and space. By straddling the boundaries of hyperrealism and hallucinatory thinking, Blanqui's hypothesis offers a deep, tragic, and heartfelt reflection on the place of the human in the universe, the value of action, and the aching that lies at the heart of every modern soul. This first critical edition of Blanqui's incantatory...

Reviews

This is the finest publication we have read through right up until now. Better than never, though I am quite late in start reading this one. It's been written in an remarkably easy way in fact it is only after I finished reading through this book by which basically altered me, affect the way I think.
