

Reforms in Chinas Monetary Policy: A Frontbenchers Perspective

By Guofeng Sun

Palgrave Macmillan. Hardcover. Condition: New. 288 pages. Chinas financial reforms have undergone a large-scale transformation over the past several years. This book aims to outline the structure and current features of Chinas monetary policy, drawing upon the authors years of experience working within the Peoples Bank of China and insiders view of the decision-making process. Sun Guofeng presents a unique perspective on a number of facets of Chinas monetary policy and theory, including credit money theory, the design of Chinese monetary policy framework and evolutionary path under the structural liquidity deficit, and the RMB exchange rate regime and Chinas international balance. This book presents China as a country at a crossroads, forced to choose between the free flow of capital and monetary policy independence. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
