By William Lawrence Lipton

iUniverse, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.What began with a basic curiosity of an adoptee about his biological origins, became a genetic exploration into history when he discovered two of his identifying y-chromosome markers created a rare, but traceable, combination which appeared in supporting data of multiple research papers. This book explores both his documented ancestry and that revealed by his y-DNA. Along the way, everything in his personal history seems to contribute in some way to the results of his research. The most significant element of that personal history is probably his learned inability to allow himself to be defeated by transient intellectual problems, or perceived handicap. In the process of joining him as he searches for his past, you will be exposed to techniques that can assist you in discovering aspect of your own genealogy which you may never have considered. You will also, as he states in the book, be introduced to secret knowledge contained in the Book of Genesis. As part of that knowledge, you will learn why the patriarchs were given lifespans ranging from several hundred to nearly a thousand years. You will learn...
