Brand New Book ***** Print on Demand *****.It is a familiar story line in nineteenth-century English novels: a hero must choose between money and love, between the wealthy, materialistic, status-conscious woman who could enhance his social position and the poorer, altruistic, independent-minded woman whom he loves. Elsie B. Michie explains what this common marriage plot reveals about changing reactions to money in British culture. It was in the novel that writers found space to articulate the anxieties surrounding money that developed along with the rise of capitalism in nineteenth-century England. Even the great romantic novels of the nineteenth century cannot disentangle themselves from the vulgar question of money. Michie's fresh reading of the marriage plot, and the choice between two women at its heart, shows it to be as much about politics and economics as it is...
