In Unexpected Magic, Pepper Paull, the good witch, and her small coven of three are weary from dealing with those they've rescued from magical captivity, though they have yet to break all the rescued magical containments. Carol Grayson, the wolf-witch, and Amelia Rutledge, lawyer, coven sisters, agree that a little vacation is just what they need. They don't count on Zymnos, dragon-in-disguise, showing up with an alternate destination and traveling plans. He asks the coven to pick up a package he'd set aside a thousand years ago. Why doesn't he do it himself? Ah, he won't really say. Why just now? Well, it's a safe time to fetch it. Things don't go as easily as the coven would like and surprises abound. How did Mike get pulled into the trip? Pepper doesn't mind, as she realizes a few things about the newly freed witch. Is it love? Seems like. But why is the Quetzalcoatl jealous? They find new friends, new enemies and deal again with some old ones. Ryan, Amelia's stalker elf, is still around and they don't know why....

It is just one of the best publications. This can be for anyone who states that there was not a well-worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Complete guide! It's such a good go-through. It is really fascinating through reading period of time. It's been written in an extremely basic way and is particularly only after I finished reading through this publication through which really changed me, change the way I really believe.
