University of Hawai i Press, United States, 2005. Hardback. Condition: New. Language: English . Brand New Book. Moe uhane, the Hawaiian word for dream, means soul sleep. Hawaiians of old believed they communicated with aumakua, their ancestral guardians, while sleeping, and this important relationship was sustained through dreaming. During soul sleep, people received messages of guidance from the Gods; romantic relationships blossomed; prophecies were made; cures were revealed. Dreams provided inspiration, conveying songs and dances that were remembered and performed upon waking. Specialists interpreted dreams, which were referred to and analyzed whenever important decisions were to be made. Having no written language, Hawaiians passed their history and life lessons down in the form of legends, which were committed to memory and told and retold. And within these stories are a multitude of dreams - as in a famous legend of the goddess Pele, who travels in a dream to meet and entrance the high chief Lohi au. Dreams continue to play an important role in modern Hawaiian culture and are considered by some to have as powerful an influence today as in ancient times. In this companion volume to her award-winning Hawaiian Legends of the Guardian Spirits , artist Caren Loebel-Fried retells and illuminates nine dream stories from Hawai i s past that are sure to please readers young and old, kama aina and malihini, alike.
