

Social Capitalism in Theory and Practice: Emergence of the New Majority v. I

By Robert Corfe

ARENA BOOKS, United Kingdom, 2008. Paperback. Book Condition: New. New.. 232 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****.In democracies throughout the industrialised world, political systems are everywhere beginning to unravel, and thinking people - even amongst our leaders - are uncertain of the reason why. Whilst most governments drive towards greater equity and justice, the reality is towards an opposite direction, and the greater polarisation of society. The author of this book points the blame on the failure to politicise the significant issues of our time. Party politics is ideologically trapped in the past, and is unable to grasp the realities of the present. Worse still, political systems throughout the democratic world are probably incapable of addressing the real threats which confront us. In this major 3-volume work, Robert Corfe argues that we need to politicise those issues raised by our financial-industrial system, and for this purpose he creates a new political vocabulary, and identifies the actual realities of politico-economic life today. The irrefutable fact is that our financial-industrial system is undermining democratic life and government, and our politicians (of all parties) are deluding themselves and their electorates when they helplessly put their trust...
