But who did the Ancient Greeks look up to? The answer to that question can be found in Homer s The Odyssey, in which Odysseus makes note of a great town there, Cnossus, where Minos reigned. It was perhaps the earliest reference to the Minoan civilization, a mysterious ancient civilization that historians and archaeologists still puzzle over, but a civilization that renowned historian Will Durant described as the first link in the European chain. Nearly 2,000 years before Homer wrote his epic poems, the Minoan civilization was centered on the island of Crete, a location that required the Minoans to be a regional sea power. And indeed they were, stretching across the Aegean Sea from about 2700-1500 B.C. with trade routes extending all the way to Egypt. The Minoans may have been the first link in the European chain, leading to the Ancient Greeks and beyond, but questions persist over the origins of the civilization, the end of the civilization, and substantial parts of their history inbetween, including their religion and buildings. The World s Greatest Civilizations: The History and Culture of the Minoans shines a light on this Bronze Age civilization, providing a comprehensive overview...
