

## Scribblings on Life, Spirituality & Non-duality

By Mahesh Hangal

Zen Publications, Mumbai, 2013. Soft cover. Book Condition: New. 22 cms. 115pp. The human being has always been anxious to know the meaning of life, to realize his true nature, to attain the ultimate possible fulfillment. These scribblings may perhaps trigger a process that might finally culminate, in what the human heart has always longed for-peace and harmony. The least they will do is help develop insights beyond ordinary perceptions. They could even be read just for entertainment or can simply be flipped through. Many have claimed that these mystical musings have in them an intrinsic ability to awaken dormant intuitive understanding. Profound yet pragmatic, they hammer away at our basic misconceptions rendering the psyche free of all erroneous concepts. From the profane to the sacred, the mundane to the mysterious, the seemingly trivial to the most fundamental, get ready for an eclectic serving of cosmic titbits. For all you know, this little book could be the one, you may have been vehemently longing to read.

*The ebook is easy to go through easier to recognize. We have studied and I am certain that I will plan to read through once again in the future. I am quickly getting a pleasure of studying a composed publication.*

*Without doubt, this is actually the best job by any publisher. It is written in basic phrases instead of difficult to understand. You will like the way the author publishes this publication.*
