Poor Robin's Prophecies: A Curious Almanac, and the Everyday Mathematics of Geor

By Wardhaugh, Benjamin.

Oxford. 1 Cloth(s), 2012. hard. Book Condition: New. Author, astrologer, journalist, satirist, and "well-willer to the mathematics," Poor Robin of Saffron Walden was an invented figure of British popular culture from the Restoration to the end of the Georgian period. Poor Robin's Almanac developed an enthusiastic following as a source for parody and humor, and long outlived its original creator, lasting until 1828. Borrowing the character, wit, and columns of Poor Robin who was known for making sage and rather obvious predictions Benjamin Wardhaugh creates a most unusual history exploring the popular mathematics of ordinary Georgians, from learning sums to using mathematics in weighing and measuring, in business, agriculture, map-making, and navigation. 248.

Reviews

This ebook is definitely not effortless to get started on reading through but very fun to read through. it was actually writtern very perfectly and valuable. I discovered this ebook from my dad and i suggested this book to understand.

Without doubt, this is actually the greatest function by any article writer. It is among the most amazing publication i have got read. Its been printed in an exceedingly basic way in fact it is simply after i finished reading through this publication where in fact changed me, change the way i believe.
