Now You Can Own A House Without Worrying About Any Debts And Mortgages By Choosing To Live Tiny!!! The tiny house movement is an emerging and growing trend in architecture and home design. It has been present in the real estate market for years but has now only grown to become the latest craze in the architectural world. Many people have decided that less is actually more, and even more are beginning to downsize their living to create a more suitable and much affordable lifestyle. Living in a tiny house-a house that is only 400 square feet or less-will enable you to own a house while being free from any form of debt or mortgage. Not only that, it will allow you to have the choice to travel with your own tiny home in tow, anytime and anywhere you might want to go. Whether you re a fresh graduate who wants independence from your parents, a family who wants financial stability or a wanderlust person who wants to see the world, this book will definitely help you learn about all things tiny. You will learn many things about the movement and all the things you will possibly need to build your own house. It will also open your eyes on the possible pitfalls that you will encounter if ever you decide to change your living situation into a space as small as 400 square feet or less. Moreover, this book will help you learn more about tiny houses by introducing you to a few of the early pioneers and current tiny home builders and their experiences in creating and...
