By Stefanie R. Fishel

University of Minnesota Press, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. Fishel both redefines and extends the metaphor of the body politic and its role in understanding an increasingly posthuman, globalized world politics. By conceiving of bodies and states as lively vessels, living harmoniously with multiplicity and the biosphere, she argues that a radical shift in metaphors can challenge a politics based on fear to open new forms of global political practice and community. Reframing...
